

Form 1. Individual Project Proposal Descriptions and Justification

Prepared by: Sam Kilpatrick III
Project Title: JWL Playground Fencing

Date Prepared: January 16, 2015
Program Area: School Facilities

Project Description: Fencing requested at perimeter of the JWL playground area. This would add to safety/security of students by preventing students from straying off property and keeping passers-by from straying onto property. In addition, a recurring overgrowth of poison ivy on the Old Quarry Road side of the playground will be much easier to contend with if fence is in place.

Evaluation Category: NEF, RPH

Planning Context: No previous work has been done on this project, though some areas of the playground were fenced in prior to GFS construction.

Schedule: Summer work would provide the least interference with student activity.

Coordination: Work is not contingent upon other CIP projects.

Previous Town Meeting Action: No previous Town action.

Project Priority:

 M priority within department/program area

 L Risk of deferring project

Estimated Cost: \$

2019: \$22,000

Basis of Cost Estimate: Check one of the following. If you want to provide more detail on the estimate, do so with a narrative after indicating the type of estimate.

 Cost of comparable facility or equipment

Form 1. Individual Project Proposal Descriptions and Justification

- Rule of thumb indicator, unit costs
 From the cost estimate from engineer, architect, or vendor
 From bids received
 Preliminary estimate, (e.g. no other basis for estimate, guesstimate)
-

Alternative Financing: None.
