

## Form 1. Individual Project Proposal Descriptions and Justification

Prepared by: Sam Kilpatrick III  
Project Title: Key Fob Entry Systems

Date Prepared: January 16, 2015  
Program Area: School Facilities

---

**Project Description:** Adding key card access points throughout district. Some entry door enhancements may be necessary to accommodate as well.

Evaluation Category: RPH

---

**Planning Context:** Security work completed at LMS thus far plus camera system repair at LCS have filled LPS expenditure obligations, unlocking School Security Grant funds for further district work. A less expensive camera system may allow for grant dollars to be used for key fob entries.

---

**Schedule:** Work may proceed at any time, as contractor will work nights and weekends to conflict with school schedules. LHS work is slated to be first, as it is the area of highest probability of incident.

---

**Coordination:** Work is not contingent upon other CIP projects but is related to Camera Systems in that money saved on camera systems may allow us to use School Security Grant money to add Key Fob access points.

---

**Previous Town Meeting Action:** No previous Town action.

---

**Project Priority:** (Note: The highest priority does not have to occur in the nearest year, and priorities do not necessarily follow in chronological order. It may be that your most important project may not be needed or be ready for action until three years from now.

  H   priority within department/program area

  M   risk of deferral

---

**Estimated Cost: \$**  
2015: \$50,000
