

Form 1. Individual Project Proposal Descriptions and Justification

Prepared by: Sam Kilpatrick III
Project Title: Lockable Foyers

Date Prepared: January 16, 2015
Program Area: School Facilities

Project Description: Lockable Foyers are a common security feature to thwart intruders, commonly referred to as “man traps” in police/security lingo. In order to provide these lockable foyers at JWL, GFS, and LHS, some walls would need to be constructed, and electronically locking doors installed at strategic locations.

Evaluation Category: RPH

Planning Context: While not contingent upon other capital projects, this project would dovetail with security camera and key fob entry system projects due to its nature as a security feature.

Schedule: Summer work would provide the least interference with student activity.

Coordination: Work is not contingent upon other CIP projects.

Previous Town Meeting Action: No previous Town action.

Project Priority:

 M priority within department/program area

 M Risk of deferring project

Estimated Cost: \$
2017: \$30,000; 2018: \$30,000

Basis of Cost Estimate: Check one of the following. If you want to provide more detail on the estimate, do so with a narrative after indicating the type of estimate.

 Cost of comparable facility or equipment

Form 1. Individual Project Proposal Descriptions and Justification

Rule of thumb indicator, unit costs

From the cost estimate from engineer, architect, or vendor

From bids received

Preliminary estimate, (e.g. no other basis for estimate, guesstimate)

Alternative Financing: None.
