

Form 1. Individual Project Proposal Descriptions and Justification

Prepared by: Sam Kilpatrick III
Project Title: Magnetic Locks

Date Prepared: January 4, 2016
Program Area: School Facilities

Project Description: This project is a security upgrade that would allow installation of a “panic button” that would be hooked into the existing fire alarm system, and would allow a series of doors to be shut without the alarm sounding. In this way, portions of the schools could be isolated in the event of an intruder.

Evaluation Category: NEF

Planning Context: This suggestion came out of the School Safety and Security Committee and was tagged as a possible item to be addressed with the second round of Security Grant funding, which has since been eliminated.

Schedule: Work can be done at any time.

Coordination: Work is not contingent upon other CIP projects, but should be coordinated with other similar work such as key fob system installation and gymnasium door hardware.

Previous Town Meeting Action: No previous Town action.

Project Priority:

 M priority within department/program area

 L Risk of deferring project

Estimated Cost: \$

2018: \$4,000; 2019: \$4,000; 2020: \$4,000; 2021: \$4,000
