

Form 1. Individual Project Proposal Descriptions and Justification

Prepared by: Sam Kilpatrick III
Project Title: UHF Walkie-Talkies

Date Prepared: January 6, 2017
Program Area: School Facilities

Project Description: VHF system is currently in use at all schools. Gaps in coverage at LHS, GFS and JWL would be addressed by this upgrade. Additional benefit would be communication between schools and with Town emergency personnel in an emergency situation. Cost would be significantly less if the new system was used as a supplement to the existing system as opposed to replacement, as significantly less would need to be purchased.
