

AGENDA
Progress Meeting #4
Upgrade of WWTF

Date: August 25, 2015
Time: 10:00 AM
Place: WWTF, Town Farm Road, Ledyard, CT

Attending:

Ed Lynch	WPCA Chairman, catalyst05@comcast.net , 646-732-9224
Steve Banks	WPCA Supervisor, wpcasupervisor@ledyardct.org , 860-536-1769
Jeff McDonald	F&O Project Manager, JMcDonald@fando.com , 860-646-2469 x5339
Jim Galey	F&O Design Build President, jgaley@fando.com , 860-646-2469 x5256
Zhijian (Jason) Tang	F&O Project Engineer, ztang@fando.com , 860-646-2649 x5351

1. Work in Progress

- Demolition Preconstruction Meeting 10:30 AM Today
 - Electrical for demolition area was disconnected.
 - The Town wanted to confirm with contractor that the fuel tank demolition is in the scopes of work (Update: confirmed in pre-construction meeting)
- Developing bypass yard piping plan for Headworks:
 - There was a discussion about using comminutor channel to bypass flow. However, it only bypasses the grit chamber. To replace the influent distribution box, a new bypass line is needed.
- Soliciting Blower proposals
 - F&O distributed Howden Roots Blower brochures.
 - F&O requested proposals from more vendors.
 - F&O will provide recommendation for blower in September's meeting.

2. Status Reports

- Headworks Upgrade
 - Recommend Precast Building
 - Recommend JWC, Headworks, or equal
- Blower Upgrade
 - Need to confirm power requirements for larger blowers. F&O will have electrical engineer to check.

3. Discussions

- Decanter Actuator Replacement
 - The Town wants to have the decanter actuator replaced ASAP.
- May do valve replacement at the same time when replacing decanter actuator
- The Town has purchased new sampler.

4. Old Action Items

- F&O to obtain blower proposals – (updated and moved to New Action Items)
- F&O to define SCADA scope – in process
- F&O to update equipment procurement schedule – in process

5. New Action Items

- F&O to obtain blower proposals and provide recommendation in September meeting
- F&O to have electrical engineer to confirm power requirements for blowers

6. Next Meeting

- September 22, 2015; 10 AM
