

STATE OF CONNECTICUT DEPARTMENT OF ENVIRONMENTAL PROTECTION

APPROVAL

August 3, 2011

Mr. Fred B. Allyn, Mayor
Town of Ledyard
741 Colonel Ledyard Highway
Ledyard, CT 06339

Re: Maguire Engineering
Agreement Amendment 1
Phase II

Dear Mr. Allyn:

This office has reviewed the executed copy of the Engineering Amendment No. 1 dated June 27, 2011 between the Town of Ledyard and Maguire Group Incorporated and the accompanying July 14, 2011 Forms 5700-41 for the above referenced project. The Agreement is for engineering services for the 2nd Phase of the Municipal Wastewater Facilities Plan with the following additional costs:

Direct Cost	\$ 28,357
Indirect Cost	\$ 46,789
Transportation	\$ 976
Printing	\$ 170
Subcontracts (MBE/WBE)	\$ 10,000
Profit	\$ 13,708
Total	\$100,000

The Department of Energy and Environmental Protection hereby certifies that it has reviewed the subagreement and has determined that it is in compliance with the regulatory procedures contained in Section 22a-482-3 of the Regulations of Connecticut State Agencies. Approval is given for the amounts shown above as these are the amounts that pertain to the services to be provided under this project.

The approval by DEEP of an engineering agreement does not relieve the consulting engineer from the certified understanding that the subagreement price may be subject to downward renegotiation and/or recoupment where the cost and price data submitted have been determined, as a result of audit, not to have been complete, current and accurate as of the certified date. The Approval of Engineering Agreement and the associated fees should not be interpreted as approval for additional grants funds. This approval will verify that any effort expended by your consultant for the approved services on or after the date of this letter will be considered as eligible for reimbursement under the terms and conditions of the Clean Water Fund once your funding application has been approved.

You are reminded that the Clean Water Fund MBE/WBE requirements are applicable to this approval. The goal for participation by subconsultants is 3.0% of the total approved contract amount for Minority Owned Business Enterprises (MBEs), and 5.0% of the total approved contract amount for Women Owned Business Enterprises (WBEs). The engineer is required to submit executed subagreements meeting or exceeding this goal within fifteen (15) days of executing the engineering contract or the date of this approval, whichever is later. No payments will be processed by DEEP for

2 of 2

engineering services until these goals have been met and the appropriate executed subagreements have been submitted. Please submit one copy of each subagreement to Kim Forbes, DEEP Water Protection and Land Reuse Bureau, 79 Elm Street, Hartford CT 06106-5127.

This APPROVAL does not relieve you of the obligation to obtain any other authorizations as may be required by Federal, State or Local Laws or regulations.

If you have any questions regarding this matter, please contact Joseph Higgins at (860) 424-3584.

Sincerely,

Dennis J. Greci, P.E.
