DWSRF ID #: 2010 0727051a
Project Name: Water Main Extension to Aljen Heights

RE: DWSRF-Request for Additional Funding

Dear Mr. Rodolico:

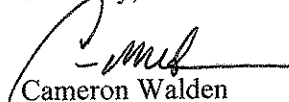

This letter is in reference with your correspondence of March 24, 2014 regarding your request for additional funding from the Drinking Water State Revolving Fund (DWSRF) program to cover the necessary construction cost for the Booster Pumping Station. Based on the justification provided in your letter and upon discussion with Mr. Raul Tejada of my staff, the amount (\$206,345.99) you requested appears to be acceptable. Therefore, your request for additional funding will be considered.

Based on our telephone conversation with Mr. Charlie Karno on March 25, 2014, the project construction is expected to be substantially completed by June 30, 2014. If there are any changes to the construction completion schedule, you must notify this office in writing.

Nothing contained in this letter shall constitute a commitment by the state to make a project loan to you under the DWSRF program.

If you have any questions or wish to discuss the project, please contact Raul M. Tejada or myself at your convenience.

Sincerely,

Cameron Walden
Supervising Sanitary Engineer
Drinking Water Section
