RE: Drinking Water State Revolving Fund (DWSRF)  
FFY 2010 Notice of Project Funding Availability

Dear Mayor Allyn:

The Drinking Water Section (DWS) has completed its review of the eligibility application that was submitted for the project identified above under the DWSRF program for Federal Fiscal Year 2010 (FFY2010). As a result of funding request withdrawals for projects previously offered funding, the DWS is pleased to inform you that DWSRF funds are available for this project. The amount requested for funding in the eligibility application was \$4,097,000. The estimated amount of subsidization for this project is \$839,885.

If you wish to pursue DWSRF funding for this project, a completed Financial Assistance Application, along with all required supporting information, must be submitted to this office no later than Monday, February 28, 2011. This application and other supporting information are available on the DWS website at: [www.ct.gov/dph/publicdrinkingwater](http://www.ct.gov/dph/publicdrinkingwater). Please submit the application along with supporting documents to my attention at the following address:

CT Department of Public Health  
Drinking Water Section  
410 Capitol Avenue, MS# 51 WAT  
P.O. Box 340308  
Hartford, CT 06134-0308

If the application is not received by February 28, 2011, this project will be bypassed and those funds offered to other projects on the FFY2010 Project Priority List.

P.O. Box 340308 Hartford, CT 06134  
*Affirmative Action / An Equal Opportunity Employer*

If you choose not to pursue DWSRF funding at this time, please inform this office in writing by February 28, 2011, so that your project can be withdrawn from funding consideration and the funds made available to another project. Withdrawing a specific project will not affect the eligibility of other projects you may have submitted, nor will it preclude any future project from funding consideration in a subsequent fiscal year.

Nothing contained in this letter shall constitute a commitment by the state to make a project loan to you under the DWSRF program. In addition, this project must meet specific requirements as applicable, including the federal Davis-Bacon Act wage rate requirement for construction contracts, in order to maintain eligibility for funds.

If you have any questions or need any assistance, please do not hesitate to contact Sara Ramsbottom of the DWSRF program at (860) 509-7333.

Sincerely,

Lori Mathieu  
Public Health Services Manager
